INFORMATION DISCLOSURE STATEMENT
UNDER 37 CFR §§1.56 AND 1.97(c)

Assistant Commissioner for Patents
Washington, DC 20231

Dear Sir:

On November 19, 1998, the undersigned filed an IDS disclosing two PCT Publications each claiming priority from two provisional applications from which the present application also claims priority. These Publications disclose subject matter related to the claims of the present application. These Publications name John Cioffi as an inventor whereas the present application does not.

John Cioffi has asserted that he is an inventor of the subject matter claimed in the present application. The undersigned has investigated the inventorship of the present application in good faith and has concluded that the inventorship as currently designated is correct.

Submission of this information herein is not a representation or admission that the information is, or is considered to be, material to patentability.

This Information Disclosure Statement is believed to be filed before the mailing date of a first Office Action on the merits. Accordingly, it is believed that no fees are due in connection with the filing of this Information Disclosure Statement. However, if it is determined that any fees are due, the Commissioner is hereby authorized to charge such fees to Deposit Account 50-0685 (Order No. CISC601).

Respectfully submitted,
